Iven is five miles north of Polog, which was reported captured yesterday, and about ten miles within the Serbian border. Its capture, if confirmed, also means that the Serbians have effected a new crossing of the Cerna river.

Paris, Nov. 13.—The Serbians have won a brilliant victory over the Germans and the Bulgarians in the Cerna district southeast of Monastir, the war office announced today. The Serbians, supported by French artillery, forced the Teutonic allies to retire a distance of nearly two miles and captured 1,000 prisoners.

DEJECTED OVER ELECTION.

Robert J. Phinney of Portsmouth, N. H., Shot Himself.

Portsmouth, N. H., Nov. 13.—Robert J. Phinney, one of Portsmouth's best known citizens, committed suicide yesterday in a room on the second floor of the Whipple school, of which he had been janitor. Despondency, due to ill health, and dejection over the result of Tuesday's election, are believed to have been the causes of his death. He had ever been deeply interested in politics, and took the turn of the voting very much to heart. Patrick E. Kane, a local newspaperman, was passing the schoolhouse, about 10 o'clock, when Mr. Phinney called him from the second-story window. He threw down a letter and after asking Mr. Kane to see that it was delivered to Judge Ernest L. Guptill, said good-bye. Mr. Kane suspected something was wrong and at once started for a nearby house to call the police. Before he reached the place, he heard a shot and as soon as possible informed police headquarters of what had happened. When the officers arrived, they had to force an entrance to the schoolhouse. They found Mr. Phinney's dead body in a chair, he having shot himself with a revolver. In his letter to Mr. Guptill, the dead man asked the judge to look after the interests of his wife and arrange for his burial. Mr. Phinney was about 62 years of age and was well-known politically, he having served as alderman and councilman.

DEAD LAY IN PILES.

After Massacre by Zapatistas Near Contreras.

Mexico, Tex., Nov. 13.—An indiscriminate massacre of nearly 100 women, children and Carranza soldiers, who were traveling on a train near Contreras, state of Morelos, which was attacked by Zapata followers, is reported in Mexico City newspapers received here yesterday. After the attack on the train the dead lay in piles beside the cars, the papers state. Only one person so far as known escaped death at the hands of the bandits. He was Captain Antonio Prigos. The attack occurred Nov. 7. The passenger train, conveyed by a military train eight kilometers in advance, was halted in a mountain wilderness after the military train had been allowed to pass unharmed. For 14 minutes the Zapatistas kept up the slaughter, slaying men and women who prayed for mercy and killing the babies who accompanied their mothers, the papers declare. Soldiers aboard the passenger train were without their armaments and unable to offer any resistance. Among the list of dead given in the Mexico City papers is the name of Col. Gerardo Alfaro, two majors and three captains. When a relief train reached the scene of the attack several hours after it occurred, the Zapatistas had scattered into the hills. They had looted the express car of its valuables.

GRANITEVILLE

Francis Cleary's Car Smashed into Fence Saturday Night.

A car owned and operated by Francis Cleary of Barre ran off the main road and crashed into a fence here late Saturday night, as Mr. Cleary was carrying passengers to Barre from the Foresters' fair. One headlight and the windshield were broken, the main drive was also broken, and two tires cut in two. It is thought that the breaking of the main drive as the car was descending the hill caused the car to swerve from its pathway. Leslie MacIver, a student at the University of Vermont, spent the week-end at his home here. A number of people from here attended the Norwich-Vermont football game at Northfield Saturday. Mrs. T. R. McLean of Northfield is visiting friends in town. Mrs. Maro Churchill returned from Morrisville last week, where she had been visiting. Mr. and Mrs. J. H. Sutor and two daughters and Miss Doris Barton spent the week-end with relatives in White River Junction. W. H. Paine visited at his home in Fairlee over Sunday. C. Roscoe MacIver of Norwich university spent the week-end at his home. Mr. and Mrs. L. M. Flynn of West Topsham were Sunday visitors in town. Dr. and Mrs. E. H. Bailey have returned from a business trip to Boston. Mrs. Kenneth MacIver has returned from Lincolnton, P. Q., where she has been visiting for several weeks. TEN BUILDINGS BURNED.

Some Careless Smoker Believed to Have Caused Fire.

Williston, Nov. 13.—Ten buildings on the farm of Henry S. Brothers were destroyed by fire Saturday afternoon at a loss estimated at about \$12,000. Neither Mr. Brothers nor his wife was at home, the former being on his return from Essex Junction and Mrs. Brothers being in Burlington to meet her parents, who were coming to visit her. She arrived at 6 o'clock to find their home in ruins. The fire was discovered by a farm hand and help was soon at hand. The Burlington department was appealed to, nine men racing out here with the fire truck. They succeeded in saving most of the household furniture and sixty head of cattle were saved. One hundred tons of hay, 600 bushels of potatoes and \$700 worth of beans were destroyed, together with all the farm machinery and tools. The fire is thought to have been started by some one smoking in a barn. The buildings were all consumed because of the lack of water protection. The place, formerly known as the Douglas farm, is just over the South Burlington line. It has been owned by Mr. Brothers for about eight years. The loss is partially covered insured by insurance. Autoists along the Williston road report an accident near the "Toad Hollow" school house, the accident occurring from all appearances early this morning. The machine which figured in the smash up was a 1917 Ford truck and had an electric motor in the rear of the car. The accident appears to be of a peculiar nature, as the tracks in the road show that the machine encircled a small place in the road, going around two times and shooting over the bank backwards, the car not turning turtle but keeping in an upright position throughout the mix-up.

DROVE BEFORE TRAIN.

Wolfred N. Phelps of South Hero Was Killed.

South Hero, Nov. 13.—Wolfred N. Phelps was hit and instantly killed by the milk train Saturday afternoon at 2:15 o'clock. Mr. Phelps, driving, was seen approaching the track from the east, and was called to by Robert Barnum, the agent, when about 50 feet from the track. Mr. Phelps looked up and hit his horse with the whip. The horse and front part of the wagon were not struck, the train hitting the back of the wagon and carrying Mr. Phelps on the cow-catcher beyond the water tank, where the body was dropped. He was instantly killed and the body badly mangled. Doctors Caron and Branch and Undertaker Parks were called. The body was put in a casket and taken to his late home.

Mr. Phelps in his early years was principal of the Richford high school. He was also taught at Alburg and Swanton. He was well known, too, as a horseman, owning many trotting horses, and breeding and developing many fast ones, among them "Grand Isle" and "Judge." Mr. Phelps was in his 80th year. BETHEL

Democrats, Aided by Some Republicans, Celebrated Wilson Victory.

The Democrats celebrated their national victory Saturday evening with an automobile parade in which about 30 cars participated, carrying flags, torches and in some cases colored lights, the whole making a pretty spectacle. Music was furnished by the East Bethel band and a local band organized for the occasion by E. L. Rogers, as director, including also Claude Williamson, Myron Rogers, Perley Rogers and Fred Burrelle, both of which played well. The parade formed at the Bethel inn and proceeded slowly to River street, making the turn at Dr. O. V. Greene's, South Main street, turning at O. C. Boyce's, North Main street, turning at W. B. Smith's and Church street, turning at E. A. Fisher's. To persons in the parade the best view of it was afforded when the turns were made, each car then coming into full view of every other car. One large car carried the legend, "We are Republicans, Hurrah for our President." There were other Republicans in the line. Indeed, the whole community entered into the spirit of the occasion. Many buildings along the route were illuminated. After the return was made to the starting point, John A. Wilson, chairman of the committee of arrangements, introduced O. C. Sawyer of Sharon, who made a short speech which was applauded heartily. Several hundred people viewed the parade, which was guided by Deputy Sheriff Fred C. Putnam and assistants, and there were no accidents. After the parade was over the band gave a concert and an oyster supper was served at the inn.

And William Arey, Man He Sought, Was Shot to Death.

Marblehead, Mass., Nov. 13.—An attempt to place William Arey under arrest yesterday on a charge of creating a disturbance resulted in the fatal shooting of Arey and the serious wounding of Reuben A. Paine, a policeman. Both men were sent to the Salem hospital, where Arey died within a short time. Paine was placed on the dangerous list. Arey, it is alleged, became so troublesome at the home of his mother that the police were called. Arey confronted them on the street, and as Officers Paine and Fred C. Baron approached, he fired, it is alleged. The bullet entered Paine's chest. Baron sprang forward and seizing Arey's wrist twisted it upward. In this position the revolver was again discharged, the bullet entering Arey's hand. He is 35 years old and formerly was a contractor.

WILSON FEELS MUCH CONCERN

Over Possible Loss of House Speakership by His Party

AND COMMITTEE CHAIRMANSHIPS

As to Legislation, He Feels Most of His Measures Will Go Through

Washington, D. C., Nov. 13.—President Wilson was back at his desk at the White House to-day after an absence of two months, prepared to take up the important foreign problems which have been held in abeyance pending the election, as well as domestic questions. These included the German submarine situation, the Mexican problem and a number of federal appointments. The president has even considered changes in the cabinet, according to administration officials. It is possible, however, that one or two cabinet officers may not remain after March 4. President Wilson continued to-day to refuse to give any comment on the election, pending the receipt of formal word from Hughes and the Republican national committee conceding the election. The president first asked to-day for the latest information on the political make-up of the House. He was told that the indications were the Republicans would have 217 members and the Democrats 212, with six members of other parties. He is understood to be much concerned over the make-up of the House, chiefly because of its effect on the selection of a speaker and the chairmanships of the committees which he is anxious to see in the hands of the Democrats. As far as legislation is concerned, it was said to-day that the president is confident that most of the measures to be proposed by him would gain support enough from Republicans to carry them through. A cheering crowd packed the railroad station and waited outside in a drizzle of rain to welcome the president last night. As he appeared, walking down the station platform accompanied by Mrs. Wilson and flanked by secret service men, hundreds began shouting and rushing forward in efforts to shake his hands. Mr. Wilson walked through the station with his hat off, bowing and smiling, and was taken to an automobile outside.

8-CENT MILK FOR BARRE

Fourteen Dealers Announce One-Cent Raise on Nov. 15

ONLY ONE DELIVERY IN EACH 24 HOURS

Increased Charge Producers Give One of Car

At a confer of milk dealers in Barre, held Saturday afternoon, the price of milk to the consumer was increased one cent a quart to eight cents when quantities of less than five quarts are purchased, the new schedule to become effective on November 15, the same day when the new bill of prices from the producer to the dealer goes into effect. The producers raised their price from 4 1/2 to 5 cents a quart. The producers increased their charge because of "high prices for cows, feed and labor"; and the dealers declare that the "recent raise in prices asked for milk by the producers naturally necessitates an increased cost to the consumer," coupled with which declaration is the statement that an additional cause is the increased cost of delivering milk. The increased cost in delivering milk is laid by them to the "higher prices of labor, material and all commodities." Moreover, the loss of milk bottles is reckoned in the actuating influences back of 8-cent milk. Further to cut the cost of delivery, the dealers have decided to make but one delivery in 24 hours, "eliminating the expensive double delivery system."
